Was it a full scholarship?
Why would Nino not renew a player after his freshman year?
Was he failing? It cannot simply be because he was not playing well.
I am always concerned when we ask a kid to come here, and then after 1 year, tell him we are cutting his funding to be here.

I met with [REDACTED] today. He is a freshman baseball student-athlete who will be transferring to a Junior College or another Division I institution. [REDACTED] had a positive USF experience and wants to play baseball. However, Nino team informed him he would not be renewing his athletic scholarship for the 2014-2015 academic year. [REDACTED] has no interest in appealing the non-renewal of athletic aid and has been provided a Permission to Contact letter.

Please let me know if you have any additional questions.
